

**FINAL STATEMENT OF REASONS
ADDENDUM**

Incorporation by Reference

This rulemaking incorporates by reference two forms: “Registration of Sponsoring Entity under Business & Professions Code Section 901” (Form 901-A), and “Request for Authorization to Practice without a California License at a Sponsored Free Health Care Event” (Form 901-B).

- a. These documents are incorporated by reference because it would be cumbersome and otherwise impractical to publish the incorporated documents in the CCR, since there are 10 pages.
- b. During the public comment period, the documents to be incorporated by reference were available directly from the Board upon request and were posted on the Board’s website.
