

SUPERVISOR'S RESPONSIBILITY

The following legal opinions are in response to questions raised by the Board of Registered Nursing:

"Disciplinary Action Against Nursing Instructors"

"You have asked if a registered nurse employed as an instructor in an accredited school is subject to possible disciplinary action by the Board who, forced by her employer, takes back a previously failed student into the clinical phase of the curriculum, knowing that the student poses a threat to the health and safety of the patients she cares for due to her proven inability to perform nursing services.

CONCLUSION:

Such a registered nurse may be subject to possible disciplinary action for unprofessional conduct or for gross negligence."
