CALIFORNIA BOARD OF REGISTERED NURSING GENERAL INSTRUCTIONS AND APPLICATION REQUIREMENTS REGARDING THE PSYCHIATRIC/MENTAL HEALTH (P/MH) NURSE LISTING

GENERAL INSTRUCTIONS

I. Overview

Pursuant to the amendment of Division 2 of the Insurance Code Section 10176, the Board of Registered Nursing maintains a list of registered nurses who are eligible for direct reimbursement by some health care plans for providing psychiatric/mental health services to insured persons. For reimbursement purposes, the psychiatric/mental health services provided must be covered under the terms of the insured's plan and must be considered necessary by the referring physician.

To be eligible for the listing, the California Registered Nurse must possess a master's degree in psychiatric/mental health nursing and complete two (2) years of supervised clinical experience in providing psychiatric/mental health counseling services. The master's degree in nursing must be directly related to mental health, such as psychiatric/mental health nursing or community mental health nursing.

Validation of the required two (2) years of supervised clinical experience may be obtained in the following manner: **(A)** one (1) year of supervised clinical experience obtained while completing the master's degree in nursing and one (1) year of supervised clinical experience obtained after the master's degree in nursing has been conferred; or two (2) years of supervised clinical experience obtained subsequent to the conferral of the master's degree in nursing; or **(B)** American Nurses Association - American Nurses Credentialing Center (ANCC) verification as a Clinical Specialist in Psychiatric/Mental Health Nursing.

Psychiatric/mental health nurses work under the same scope of regulation as do all registered nurses, and inclusion on the Board's list does not in any way expand the scope of practice of such registered nurses.
