

November 27, 2024

Pacific College of Health and Science  
Baccalaureate Degree Nursing Program

Dear Program Representative:

The California Board of Registered Nursing (Board), at its Board meeting on February 28-29, 2024, agendaized the following item at the January 25, 2024, Education/Licensing Committee (ELC) meeting:

8.1.1 Discussion and possible action regarding board approval of ELC recommendation to approve minor curriculum revisions (16 CCR § 1426), acknowledge program progress reports (16 CCR § 1423), and accept clinical facility approvals (16 CCR § 1427) (schools under consideration are identified in meeting materials).

The Board voted to accept the ELC recommendation to acknowledge program progress report.

A second one-year extension in the submission of their Feasibility Study has been requested. As their current non-nursing campus is located in San Diego, an area of high clinical placement impactation. The College is considering other location options for a Bachelor of Science in Holistic Nursing prelicensure program. Program representatives are collaborating with existing nursing programs and clinical facilities for a holistic and integrative program.

If further information is needed, please do not hesitate to contact your Nursing Education Consultant.

Sincerely,

A handwritten signature in blue ink that reads "Loretta Melby".

Loretta Melby, MSN, RN  
Executive Officer
