BOARD OF REGISTERED NURSING
Agenda Item Summary

AGENDA ITEM: 7.1
DATE: June 25-26, 2026

ACTION REQUESTED: Discussion and possible action: Approve initial draft of regulatory text for Certified Registered Nurse Anesthetists (CRNAs) and implementation of AB 876 (Flora, Chapter 169, Statutes of 2025)

REQUESTED BY: Loretta Melby, RN, MSN
Executive Officer

BACKGROUND:

[AB 876 \(Flora, Chapter 169, Statutes of 2025\)](#) was signed into law by Governor Newsom in 2025. Among other changes, the bill established a definition for the term "anesthesia services" and clarified that an order by a physician, dentist, or podiatrist for anesthesia services for a specific patient provides authorization for CRNA to select and implement the modality of anesthesia for the patient as well as abort or modify the modality of anesthesia for the patient during the course of care.

The Board does not currently have regulatory guidance for CRNAs. Consequently, the proposed text below contains both policy guidance related to implementation of AB 876 as well as operational guidance related to education and application requirements for CRNAs.

At their April 7th meeting, the Certified Registered Nurse Anesthetist Advisory Committee (CRNAAC) voted to recommend that the Board approve an earlier version of proposed text. Several changes have been made to the version discussed by the CRNAAC because of public comment, consultation with legal counsel, and discussions at the Nursing Practice Committee.

All amendments to the version of the proposed text that was voted on by the CRNAAC are indicated below with any new language in blue italics and any deleted language in red strike through.

RESOURCES:

NEXT STEPS: Adopt the proposed regulatory text for Article 10 and direct staff to continue with the rulemaking file and proceed with review by the Director of the Department of Consumer Affairs and the Secretary of the Business, Consumer Services, and Housing Agency. Upon their approvals, authorize the Executive Officer to take all steps necessary to initiate the rulemaking process, make any non-substantive changes to the package, and set the matter for a hearing if requested.

If no adverse comments are received during the 45-day comment period and no hearing is requested, authorize the Executive Officer to take all steps necessary to complete the rulemaking and adopt the proposed regulatory text as noticed.
