Agenda Item 7.2

Discussion and Possible Action: Recommendations from the Nursing Education and Workforce Advisory Committee on Simulation Standards

BRN Board Meeting | November 15-16, 2023

BOARD OF REGISTERED NURSING
Agenda Item Summary

AGENDA ITEM: 7.2
DATE: November 15-16, 2023

ACTION REQUESTED: **Discussion and possible action:** Recommendations from the Nursing Education and Workforce Advisory Committee on simulation standards.

REQUESTED BY: Mary Fagan, PhD, RN, NEA-BC
Nursing Practice Committee Chair

BACKGROUND:

Pursuant to [Business and Professions Code section 2785.6\(g\)](#), the Nursing Education and Workforce Advisory Committee (NEWAC) was mandated to study and recommend standards for simulated clinical experiences based on the best practices published by the International Nursing Association for Clinical Simulation and Learning (INACSL), the National Council of State Boards of Nursing (NCSBN), the Society for Simulation in Healthcare (SSH), or equivalent standards.

On March 30, 2023, NEWAC approved the creation of a subcommittee to study and recommend standards for simulated clinical experiences. The subcommittee met with simulation experts from across California to evaluate the INACSL, NCSBN, and SSH standards. On September 28, 2023, the NEWAC discussed recommendations from the simulation standards subcommittee and motioned to move the following recommendations to the Board:

- Prelicensure RN programs who use simulation should adhere to at least one of the sets of standards set forth by INACSL, NCSBN, or SSH and BRN does not need to create new simulation standards for programs.
- BRN should accept, without requiring additional documentation or action, INACSL endorsement or SSH accreditation as meeting any simulation requirements set forth by the BRN.
