Update of DOI/BRN Pilot Project

Scarlett Treviso, Deputy Chief of Investigations presented the update.

Mary Fagan: Wanted to know the difference between Pilot and the usual practice.

Scarlett Treviso: Stated that the usual practice is that staff handle the Consumer Protection Enforcement Initiative (CPEI) cases. These cases are being completed and distributed more smoothly. The process is expedited in order to ensure that the public is protected.

For the Pilot, cases that deal with quality of care are sent to the Division of Investigations (DOI). We will be continuing the Pilot through December 2021. At that time, both parties will evaluate it.
