# Housekeeping

- Everyone is muted on entry
- Meeting will be recorded and posted on YouTube
- There is a chat box, lower screen
  - ▣ Technical difficulty/questions
  - ▣ Topic /subject area questions
- PowerPoint slides; possibly live demonstration

# BRN Annual School Survey History

- BRN has been conducting the Annual School Survey for 23+ years
- In 2004 it became a consolidated survey between BRN and other stakeholders
- NEWAC Education Sub-Workgroup
- 2005-2006 Began contracting with UCSF and online survey administration began

# Survey Development/Revision Process

- ❑ Importance of consistent questions
- ❑ Addition of questions about current topics of concern
- ❑ Feedback from survey respondents about the survey process collected via the survey, webinars, and other contact (Important for Participation)
- ❑ Feedback from BRN, UCSF consultants, and NEWAC Education Sub-Workgroup
- ❑ Pilot tests by Deans and Directors and UCSF staff (Important For Feedback and Input)

# Importance of Collecting Data

- Use of data collected
  - ▣ Employers – workforce planning
  - ▣ State/federal agencies – legislated programs/data reporting
  - ▣ Law and policy makers – legislation and policy development
  - ▣ Nursing agencies and stakeholders – various uses
  - ▣ Educators – program and policy decisions
  - ▣ Students/Researchers – research purposes
  - ▣ General Public – various uses
- May be the only resource available with this data
- Provides evidence-based data for sound workforce and fiscal planning based on trend analysis
- Accuracy of data collected is important (Reach out to the BRN and UCSF if you have questions or concerns so we can address them)
- Always working to improve, so feedback is welcome

Dear Nursing Dean or Director,

The 2023-2024 California Board of Registered Nursing (BRN) Annual School Survey is now available to complete online. The results of this comprehensive California survey will provide data-driven evidence to influence the policy process at the local, state, federal and institutional levels in support of nursing, nursing education, and workforce planning in California. Your participation is vital.

This e-mail provides important information about completing the survey. Please read all of this information and share it with your staff and/or faculty who will be contributing to the survey. To log into the survey, please copy and paste the following unique survey link into your internet browser.

### INFORMATION SHEET

#### **A. PURPOSE AND BACKGROUND**

Annually, the Board of Registered Nursing (BRN) conducts an online survey to collect data from both prelicensure and postlicensure nursing education programs. This survey contains questions relating to student and faculty demographics, admission and completion rates, and program administration. The survey time period is August 1, 2023 and July 31, 2024. In addition, student and faculty census data are requested for October 15, 2024.

The individual program data are then compiled into a statewide aggregate database. The BRN will report aggregate data from the 2023-2024 survey in the Annual School Report. Statewide and regional trends in nursing education over the past ten years will also be analyzed and reported. Reports generated as a result of these analyses will be available on the BRN website (<http://www.rn.ca.gov/>).

Joanne Spetz, Ph.D., at the University of California, San Francisco, is administering the 2023-2024 BRN Annual School Survey, and is analyzing and reporting upon the survey data on behalf of the Board. All California nursing education program deans and directors will be invited to complete this survey.

### NAVIGATING THE ONLINE SURVEY

#### Printing Survey Questions

If you would like to print the survey questions prior to completing the online survey, [CLICK HERE](#) to select the sections you would like to print. Each section you select will appear in a PDF format.

It is recommended that you print the survey questions and complete the paper version prior to completing the online survey as this will allow you, if necessary, to distribute the survey sections to others to complete and to ensure you have responses for all of the questions. You are asked to complete the Administration & Staff and Faculty Information sections in addition to the individual program sections. If you have one or more prelicensure programs, you will also complete the Prelicensure Student Attrition, Recruitment, and Retention section in addition to the individual prelicensure program sections.

#### Navigating the Survey

The survey begins by asking general questions about your school and the type of nursing programs offered at your institution. After completing this section of the survey, you will be redirected to a table of contents page with all of the survey sections that should be completed on behalf of your institution. Please complete all of the survey sections that appear in the table of contents. Each section of the survey asks questions about nursing programs offered at your school during the 2023-2024 academic year.
